MEMORANDUM FOR: Chief, Position Management and Compensation
Division, Office of Personnel

FROM: Daniel C. King
Director of Logistics

SUBJECT: Survey of the Supply Division,
Office of Logistics

OTM-2
(T-6)

25X1

1. To assist your office in the forthcoming survey of the subject unit of the Office of Logistics (OL), I have attached a summary of its organizational structure, including current and proposed position grades and position descriptions.

25X1

2. The Supply Division (SD) emphasis during the past year was keyed to a significant and broad increase in support to the Directorate of Operations. This support was a consolidated Division effort with particular emphasis placed on responsiveness to operational requirements; recruitment and training; significant increases in materiel packed and shipped; and man-hours expended, both domestically and overseas.

25X1

4. Continuation of the FY 1982 requirements has carried over into FY 1983. To maintain the same and projected level of support required to provide responsiveness and services, some internal reorganization was required.
